

CITIES

DSF - 1305-00027B

PhD and Post Doc meeting
22. April 2015

CITIES status and plans - Annual report (discussion)

- About 40 scientific papers (including draft papers)
- A large number of presentations
- Involvement in a large number of applications
- Challenges discussion

Template for demo projects

Purpose:

1. Establish a better collaboration between universities, companies and/or smart cities projects
2. Demonstrate CITIES solutions
3. Generate data for evaluations and further research
4. Facilitate interaction with innovation activities - including INNO Smart Energy and Climate KIC activities

A workshop will be organized for identifying optimal demo projects

See the example on our web-page.

Template for demo projects (cont.)
